

MATRIX OF EXISTING PLANS FOR TRANSFORMATION USA

This is a matrix of an existing vision, plan, approach or set of principles to catalyze the renewal of the Church and of the culture in the USA or proven existing strategic initiative for the healing or the blessing of the U.S.A.

Some of inputs on visions, initiatives we have some worthy of our consideration.

Should we not be reluctant to “buy into” anything that is not birthed jointly and strictly out of the Cross, the place of repentance. Our old plans have not yielded the newness of life. They might be tokens of anticipation, or just fruitless false starts.

We, the church bear a huge responsibility for the sorry state and direction of our nation, which being the leading nation, has been leading the world in worldliness and “away-ward-ness” from the Lord.

Some of our “plans” may indeed be of the Spirit and will in time bear fruit. But others, birthed out of the times (not necessarily “a heart of”) unbelief and disobedience, will die after a long, fruitless journey in the desert. They, and Moses himself (today’s Church in America?), must pass on before the new people pass through to the Promised Land. I want to hear what God has sown in Joshua’s heart.

Is this not a new season: “Behold, I make all things new. Old things have passed away and all things are being created anew.”

Do we not need a fresh anointing of the Spirit. Old plans need to be reissued afresh, after a season of repentance and cleansing.

Does not “transformation begin at home?”

We do well to ask ourselves the following question:

Before I/we set about engaging in strategies and methods of transformation, do I/we have in you a testimony of God’s ongoing relational transformation (starting with my own marriage and our closest relationships) as a seed and seal of my/our call to wider transformation?
